22/062 Planning Matters.

Ref: 22/01147/FUL

Location: Land Adjacent Butlers Wood And Waldergrave Wood West Of A131 (In The Parishes Of Bulmer And Twinstead) Sudbury Road Bulmer Essex

Description: A new 400/132 kilovolt (kV) Grid Supply Point (GSP) substation including two supergrid transformers, associated buildings, equipment and switchgear, a single circuit cable sealing end compound, a new permanent vehicular access to the public highway, associated landscaping (including boundary fencing, an area for Biodiversity Net Gain, and landscape mounding) and drainage.

Objection:

Whilst we object to this planning application, we recognise that it may still be granted and will make the following comments to BDC Planning.

- Consider siting the compound some 50 metres further away from the A131. This would give sufficient space for additional tree planting to screen the compound from the main road.
- Plant additional screening to the west of the compound, facing Wickham St. Pauls.
- As the ground falls away to the west, we feel that if the compound was recessed by some 5m, it would have less impact on the view from the A131 and from the direction of Wickham St. Pauls.
- We would like you to consider running a public footpath alongside / around the compound area as the existing area is picturesque and popular with walkers.
- We are concerned about light pollution and that all necessary measure are taken to minimise this.

Proposed by Cllr. Stokes, Seconded by Cllr. Barlow, all in favour, resolution passed.
